

FAQ

"What if I am not a new parent?"

WHO IS ELIGIBLE FOR THIS PROGRAM?

Active duty service members and their eligible family members who are expecting a child, or have children under the age of six can utilize all of the services offered free of charge.

WHAT CAN THE NEW PARENT SUPPORT PROGRAM DO FOR ME?

This program offers expectant parents and parents of newborn and young children the opportunity to learn new skills as parents and to improve old ones. There are often many questions about the needs of infants and young children. The New Parent Support Program is a reliable source for answers to your questions in the classroom or in the privacy of your home.

WHAT IF WE ARE NOT NEW PARENTS?

Even if you have been raising your family for a few years, new ages and stages bring different challenges. Often, adding a brother or sister to the family presents a real change for the family. The New Parent Support Program offers you the opportunity to express your concerns and ask questions about babies, young children, and family relationships.

All of our services are FREE for authorized patrons.
